The screenshot shows the BRS form interface. At the top, there are buttons for 'Search', 'List', 'Browse', 'Compare', and 'Clear'. Below these is a 'DB:' dropdown menu set to 'US' and a 'Common' tab. To the right of the 'Common' tab are two checkboxes: 'Details' and 'Highlight all the terms initially', both of which are checked. Below the 'Common' tab is a 'Default operator' section with a grid of icons. The main content area displays the text '2 and (device or test or DUT)'. At the bottom of the interface, there are buttons for 'BRS form', 'ISUP form', 'Image', 'Text', and 'HTML'.
